A health plan that gives you the right mix of health benefits – at the right price.

LocalPlus®

- You have a network* that is limited to doctors, specialists and hospitals in your local area who understand the needs of your community.
- You don't need a referral to see a specialist
- How you can save:
 - In your local area, or when in any LocalPlus Network area, you must receive care from a health care professional or facility in this network to receive in-network coverage.
 - If you're away from home and need care, just look for a participating LocalPlus doctor in the area or if outside the LocalPlus service area, you can use doctors or hospitals in our Away From Home Care feature.
 - If you choose to go outside the LocalPlus Network when one is available (or outside the Away From Home Care feature when LocalPlus isn't available), you will *receive out-of-network coverage*.

The mailing includes a list of web resources, list of pregnancy related topics in the 24 HIL audio library, a magazine, and brochures from the March of Dimes.

The other Cigna benefits that are included as part of Healthy Babies program, are as follows:

- Neonatal Intensive Care Unit (NICU) Case Management.
- Information about pregnancy on MyCigna.com

Cigna Telehealth Connection

- Cost efficiency – comparable to an office visit
- Great access (24/7/365) to a doctor in an hour or less.
- Convenience – no need to leave the house or work
- Reference and links from mycigna.com to American Well and MDLIVE Pre Custom IVR comment provides Toll-free # for vendor
- Cigna Call Center representatives trained on vendor capabilities and contact information.

Choice is good. More choice is even better.

Now Cigna provides access to **two** telehealth services as part of your medical plan – **AmWell** and **MDLIVE**.

Cigna Telehealth Connection lets you get the care you need – including most prescriptions – for a wide range of minor conditions. Now you can connect with a board-certified doctor via secure video chat or phone, without leaving your home or office. When, where and how it works best for you!

Choose when: Day or night, weekdays, weekends and holidays.

Choose where: Home, work or on the go.

Choose how: Phone or video chat.

Choose who: AmWell or MDLIVE doctors.

Say it's the middle of the night and your child is sick. Or you're at work and not feeling well. If you pre-register on both AmWell and MDLIVE, you can speak with a doctor for help with:

- | | | |
|---------------|----------------|-----------------|
| > sore throat | > fever | > rash |
| > headache | > cold and flu | > acne |
| > stomachache | > allergies | > UTIs and more |

The cost savings are clear.

Televisits with AmWell and MDLIVE can be a cost-effective alternative to a convenience care clinic or urgent care center, and cost less than going to the emergency room. And the cost of a phone or online visit is the same or less than with your primary care provider. Remember, your telehealth services are only available for minor, non-life threatening conditions. In an emergency, dial 911 or go to the nearest hospital.

AmWell and MDLIVE are only available for medical visits. For covered services related to mental health and substance abuse, you have access to the **Cigna Behavioral Health** network of providers.

- > Go to **Cignabehavioral.com** to search for a video telehealth specialist
- > Call to make an appointment with your selected provider

Telehealth visits with Cigna Behavioral Health network providers cost the same as an in-office visit.

DHMO Exclusions and Limitations for 07, 08 and 09 series PCS.
